A/V REQUESTS

Marcus is no diva! He does not work with any PowerPoints nor handouts. We simply request the following:

- Rectangular banquet table (4, 6 or 8 ft.), set up center-stage, for Marcus to use as a guide on stage. Marcus will stand in front of this table when speaking.
- If there is a podium on stage, it is preferred to have that podium moved completely off stage (or to the back-side of the stage) before Marcus' keynote
- Hands-free microphone (lavalier mic preferred)
- One rectangular banquet table & one chair to be used for book signings after presentation
- One bottle of water on the table on stage

Any other questions on A/V needs, feel free to contact us at any time!
